AUDIT REPORT FOR FEBRUARY 1908.

Vouchers 54 and 55 relate to payments made to the contractor for supplies of the articles of diet in the Epidemic Diseases Hospital. It does not appear that tenders are called for the supply in this institution. From a perusal of the bill, it is also difficult to follow the contractor's rates as every article is shown in weight and not according to bazaar practice of showing in measures as shown in the statistical returns of the prices of grains published in the Gazette. An improvement on the existing system may be profitable to the Board.
